Product

10	Secondary clock series; square wooden case, round dial
10	Master clock
10G	Greenwich time indicating clock; 24-hour dial
10M	Secondary clock; square wooden case, square dial
11	Secondary clock; square wood case, surface type
11	Master clock series; 120 beat, magnet wound movement
11-S	Seconds beat secondary clock with wood case, round dial
12	Secondary clock series; round wood case, surface type
12	Master clock; self-regulating
13	Master clock series; 60 beat, magnet wound
13	Master program clock; metal disc type
14	Secondary clock series; round metal case, surface type
14	Master clock
14-S	Seconds beat secondary clock; round metal case
15	Master program clock
16	Master clock series; 60 beat, motor wound, weight driven
16	Secondary clock series; moisture- and fume-proof
17	Secondary clock series; gauge type
17	Master program clock; metal disc type
17	Master program clock; paper tape model
18	Master time control series
19	Control unit series
19-02F	"Locarno" ornamental secondary clock; mahogany, 5"
19-02G	"Tambour V" ornamental secondary clock; wood, 5" silver
19-02H	"Tambour VI" ornamental secondary clock; mahogany, 5" dial
19-02R	"Tambour VII" ornamental secondary clock; wood, 5" dial
19-92E	"Warwick" ornamental secondary clock; walnut, 5" dial
20	Master clock
20	Improved Dey time register, 50 capacity, 6 registration (U.K.)
20M	Secondary clock; wood case, double dial
21	"Grandfather" master clock series; 60 beat, magnetic wound
21	Secondary clock series; square wood, double dial
21-A	Secondary clock; square wooden case, double dial
21C & 21D	Chain suspension double dial secondary clock; square wood
22	"Colonial" master clock series; 60 beat, magnet wound
2407MOD2	

22	Secondary clock series; round wood, double dial
22	Improved Dey time register, 150 capacity (U.K.)
22-A	Secondary clock; round wooden case, double dial
23	"Parthenon" master clock series; 60 beat, magnet wound
24	"International" master clock series; 60 beat, magnetic wound
24A & 24B	Secondary clock; round metal case, double dial
24C & 24D	Chain suspension dual dial secondary clock; round metal
25	Master clock; magnet wound, self-winding
27	Surface mounted clock; round dial, wire guard
30	Master clock
30-42S	Self-regulating secondary clock; square wood case & dial
31	"Grandfather" master clock series; 60 beat, motor wound
31	Secondary clock series; square wood, semi-flush type
31	Improved Dey time register, 100 capacity, 12 registration (U.K.)
32	"Colonial" master clock series; 60 beat, motor wound
32	Secondary clock; round wood case, semi-flush type
33	"Parthenon" master clock series; 60 beat, motor wound
34	"International" master clock series; 60 beat, motor wound
34	Secondary clock series; round metal case, semi-flush
35	Master clock; motor wound
35	Gymnasium clock with wire mesh
37	Master time control; radio-supervised
38	Ornamental secondary clock; octagonal
39	Ornamental secondary clock; Corinthian
40	Wood case secondary clock; dual dials
40	Seconds beat clock; 12" dual dials, wood case
40-S	Metal case secondary clock; single dial
40-S	Seconds beat secondary clock; wood case, dual dials
41	Secondary clock
42	Round marble dial for secondary clock
43	Square marble dial for secondary clock
44 & 45	Ornamental molding rings for secondary clock dials
45 & 46	Skeleton dial secondary clock series
47	Secondary clock; surface type, single dial
48	Secondary clock; flush type, single dial
49	Secondary clock; double dial
50	Ornamental 3- or 4-dial bracket clock
50	Secondary clock
51	Secondary clock; semi-flush, weatherproof
51	Weather proof dial series; 18", 24", 30", 36", 42," 48"
54	Secondary clock series; metal case, narrow rim
55	Secondary clock; round dial
56	Secondary clock; round dial
56-45	Electronic 24-hour indicating clock
57	Secondary clock; round dial

57-45	Synchronous wired 24-hour indicating clock
60	Secondary clock for surface mounting; square dial
61	Secondary clock for surface mounting; square dial
62	Secondary clock for surface mounting; square dial
64	Double dial secondary clock
65	Secondary clock for wall or ceiling mounting; round dial
66	Secondary clock for wall or ceiling mounting (top); round dial
66-45	Electronic 24-hour indicating clock
67	Secondary clock for wall or ceiling mounting (top); round dial
67-45	Synchronous wired 24-hour indicating clock
74	Secondary clock; wall-mounted, semi-flush
75	Secondary clock for semi-flush mounting; round dial
76	Secondary clock for semi-flush mounting; round dial
76-45	Electronic 24-hour indicating clock
77	Secondary clock for semi-flush mounting; round dial
77-45	Synchronous wired 24-hour indicating clock
80	Secondary clock; semi-flush mounting, square dial
81	Secondary clock; semi-flush mounting, square dial
82	Secondary clock; semi-flush mounting, square dial
85	Secondary clock for wall or ceiling mounting (side); round
85	Double dial indicating clock; impulse self-regulating
86	Secondary clock for wall or ceiling mounting (side); round
86	Double dial indicating clock; electronic self-regulating
86-45	Electronic 24-hour indicating clock
87	Secondary clock for wall or ceiling mounting (side); round
87	Double dial indicating clock; synch. self-regulating
87-45	Synchronous wired 24-hour indicating clock
88	Double dial synchronous motor non-self regulating
90	Synchronous motor-regulated master time control
91	Master time control series
91-2	Master time control
91-4	Master time and program control
91-5	Synchronous program control
91-9	Master time & program signal control
101	Card recorder (U.K.)
101AR	Improved Dey time register, 100 capacity (U.K.)
102AR	Improved Dey time register, 150 capacity (U.K.)
111	Daily recorder card
111AR	Improved Dey time register, 100 capacity (U.K.)
114	Card recorder (U.K.)
116	Aluminum separately applied markers for tower clock
117	Cast aluminum translucent dial for tower clock
118	Cast aluminum translucent dial for tower clock
119	Aluminum skeleton dial for tower clock
126	Bronze separately applied markers for tower clock

127	Cast bronze translucent dial
128	Cast bronze translucent dial
129	Bronze skeleton dial for tower clock
165	Card recorder (U.K.)
220	Master clock; hanging, 120 beat
222	Daily recorder card
230	Master clock; hanging, 72 beat
240	Master clock; hanging, 60 beat
250	Master clock; hanging, 60 beat
260	Master clock series
280-5	Electric program device
310	Secondary clock series; square wood
320	Secondary clock; wood case, round dial
330	Secondary clock series; octagon, wood
350	Secondary clock series; round metal
360	Secondary clock series; gauge type
370	Secondary clock series; marble dial
380	Secondary clock series; skeleton dial
490	Electric program & secondary control equipment series
514	Card time recorder
561 -- 563	Ratchet and pawl type precision secondary movement
564	Polarized secondary clock movement
565	Single motor drive movement
566	Double motor drive movement
567	Seconds beat movement series
568	Tower clock movement
569	Tower clock movement
60x	Relay controls
601	Accessory equipment series for master time controls
608	Seconds beat secondary control
611	Electronic transmitter series for time systems
613-2	Time elimination panel for metal case job time recorders
618	Electronic transmitter signal amplifier
619	Capacitor coupling unit for electronic time systems
621	Daily recorder; 6 registration, 21 employees
653	Program control series for job time recorders
654-7	Time elimination & signal program control
656	Central operations panel series for time equipment
661-2	Signal program control
661-7	Master relay & program control for time equipment
661-9	Wire connected master relay & program control
663-7	Program cabinet
664-7	Program control for controlling signals
665-7	Program control for controlling signals
666-7	Program control for controlling signals

667-7	Program control for controlling signals
675	Program clock; spring driven, key wound, 88 beat
675 - - 678	Self-contained program device
680	Self-contained program clock; synchronous motor
681-5	Program cabinet
682-5	Self-contained program clock; metal disc type
685-5	Program clock; synchronous motor
700	Job time recorder; wood case, spring drive
700	Job time recorder series; metal case, motor drive
780	Semiautomatic electric time recorder; metal case
800	Money-time recorder series
800	Panel series for master clock
802	Master relay control series
803-2	Program unit in No. 91 master time & program control
804-2	Pilot clock
805	Metal disk program machine used in Type 15 clock
806	Metal disk program machine
810AR	Super automatic dial recorder, 100 capacity (U.K.)
821	Super automatic dial recorder, 100 capacity, 6 registration (U.K.)
830	Super automatic dial recorder, 50 capacity, 12 registration (U.K.)
839	Synchronizer for master clock
853	Master clock movement
856	Master clock movement
901	Card time recorder, small case (U.K.)
914	Automatic card time recorder
924	Secondary clock; chain suspended, double dial
928	Secondary clock; outside, weatherproof
950	Card time recorder, small case (U.K.)
981	Secondary clock; desk or mantel
986	Secondary clock; Corinthian
1000	Wood case card recorder series
1000	Metal case card recorder series; electric, fully automatic
1001	Card recorder; metal case, lateral shift
1006	Card recorder; metal case, lateral shift
1008	Job time recorder (U.K.)
1011	Card recorder; metal case, lateral shift
1016	Card recorder; metal case, lateral shift
1100	Card recorder; weekly, non-automatic abutment
1100	Metal case card recorder series
1101	Card recorder; weekly, automatic abutment
1101	Card recorder; metal case, lateral shift
1102	Fully automatic card time recorder
1106	Card recorder; metal case, lateral shift
1110	Card recorder
1111	Weekly recorder card

1111	Card recorder; metal case, lateral shift
1116	Card recorder; electrically operated
1116	Card recorder; weekly, two-color record, clock driven
1201	Card recorder; metal case, lateral shift
1206	Card recorder; metal case, lateral shift
1211	Card recorder; metal case, lateral shift
1212	Weekly recorder card
1216	Card recorder; metal case, lateral shift
1232	Weekly recorder card
1301	Card recorder; metal case, lateral shift
1306	Card recorder; metal case, lateral shift
1311	Card recorder; metal case, lateral shift
1312 & 1314	Weekly recorder card
1316	Card recorder; metal case, lateral shift
1401	Card recorder; metal case, lateral shift
1406	Card recorder; metal case, lateral shift
1411	Card recorder; metal case, lateral shift
1416	Card recorder; metal case, lateral shift
1501	Card recorder; metal case, lateral shift
1506	Card recorder; metal case, lateral shift
1511	Card recorder; metal case, lateral shift
1516	Card recorder; metal case, lateral shift
1600	Card recorder series; wood & metal cases
1640	Card recorder; metal case, vertical lift for auto in and out
1641	Card recorder; metal case, vertical lift for auto in and out
1645	Card recorder; metal case, vertical lift for auto in and out
1646	Card recorder; metal case, vertical lift for auto in and out
1650	Card recorder; metal case, vertical lift for auto in and out
1651	Card recorder; metal case, vertical lift for auto in and out
1655	Card recorder; metal case, vertical lift for auto in and out
1656	Card recorder; metal case, vertical lift for auto in and out
1670	Card recorder; metal case, vertical lift for auto in and out
1671	Card recorder; metal case, vertical lift for auto in and out
1675	Card recorder; metal case, vertical lift for auto in and out
1676	Card recorder; metal case, vertical lift for auto in and out
1680	Card recorder; metal case, vertical lift for auto in and out
1681	Card recorder; metal case, vertical lift for auto in and out
1685	Card recorder; metal case, vertical lift for auto in and out
1686	Card recorder; metal case, vertical lift for auto in and out
1701	Card recorder; metal case, lateral shift
1706	Card recorder; metal case, lateral shift
1711	Card recorder; metal case, lateral shift
1716	Card recorder; metal case, lateral shift
1900	Bell ringer series for card recorders
2000	Job time recorder series; clock driven, wood case

2000	Job time recorder series; visible front model
2012	Job time recorder; spring-driven
2012	Job time recorder; electrically driven
2100	Job time recorder; cast iron case, visible front
2121	Two-weekly recorder card
2200	Metal card rack
2222	Two-weekly recorder card
2300	Metal card rack
2322 & 2324	Two-weekly recorder card
2400	Metal time card rack
2440	Metal time card rack; horizontal filing
2500	Trigger trip job time recorder; iron case, visible front
2600	Job time recorder; electric
2615	Job time recorder
2630	Electric job time recorder, unlimited registration (U.K.)
2631	Electric job time recorder, 8 registration (U.K.)
2700	Metal time card rack; vertical filing
2900	Metal time card rack
3000	Autograph recorder series
3000-0	Autograph time register; spring drive, long wood case
3001-0	Autograph time recorder; mirror type
3002-0	Autograph time recorder; bulletin board type
3003-2	Autograph time register; electric drive, desk type wood
3003-5	Autograph time register; motor drive, desk type wood
3020 & 3021	Dial recorder sheets for Syracuse recorders; 6 reg., 50
3030 & 3031	Dial recorder sheets for Syracuse recorders; 6 reg., 100
3100-5	Autograph time register; metal desk type case, motor
3121	Semimonthly recorder card
3200	Portable [time] recorder
3232	Semimonthly recorder card
3300	Door recorder series
3300	Recordolock system series
3310	Recordolock series
3322	Semimonthly recorder card
3323	Semimonthly recorder card
3332	Semimonthly recorder card
3500	Autograph recording lock recorder
3510	Autograph recording lock recorder
3520	Autograph recording lock recorder
3530	Autograph recording lock recorder
3540	Autograph recording lock recorder
3550	Autograph recording lock recorder
3560	Autograph recording lock recorder
3570	Autograph recording lock recorder
3580	Autograph recording lock recorder

3700	Watchclock system (portable recorder & key stations)
3701	Portable watchclock with inverted tumblers
3712 & 3713	Portable watchman's clock; 12 station
3730 & 3731	Portable watchman's clock; 30 station
380x	Watchman key station series
383x	Watchman key station series
4222	Tri-monthly recorder card
4322	Tri-monthly recorder card
4600	Bell ringer for Angelus or other single note chimes
462x	Swinging bell ringer series
470x	Tower clock movements series
471x	Tower clock dial series; skeleton
472x	Tower clock dial series; sectional
473x	Tower clock dial series; wood faced with galvanized iron
4740	Tower clock dial; cast bronze
4745	Tower clock dial; metal numerals
4750	Tower clock dial; metal numerals
5000	"Old Style" Dey dial recorder
5001	Dial recorder sheets for 5000 Dey dial recorder
5010 & 5011	Dial recorder sheets for 5000 Dey dial recorder
5020	Dial recorder; non-auto, daily, 50 capacity, 6 registration
5020 & 5021	Dial recorder sheets for 5000 Dey dial recorder
5030 & 5031	Dial recorder sheets for 5000 Dey dial recorder
5040 & 5041	Dial recorder sheets for 5000 Dey dial recorder
5050 & 5051	Dial recorder sheets for 5000 Dey dial recorder
51x0 & 51x1	Dial recorder sheets for 5000 Dey dial recorder
5146	Dial recorder; 12 registration, weekly, 2-color, 150 employee
5212	Quadri-monthly recorder card
5500 & 5501	Dial recorder sheets for 5000 Dey dial recorder
5510 & 5511	Dial recorder sheets for 5000 Dey dial recorder
5510 -- 5513	Combination clock & sound reproducer series
5520	Ornamental canopy and chain suspension for clocks
5520 & 5521	Dial recorder sheets for 5000 Dey dial recorder
5530	Dial recorder; non-automatic, daily, 100 capacity, 12 registration
5530	Cast aluminum bracket for interior & exterior clocks
5530 & 5531	Dial recorder sheets for 5000 Dey dial recorder
5540 & 5541	Dial recorder sheets for 5000 Dey dial recorder
5550	Pipe & chain hanger for double dial weather proof clock
5550 & 5551	Dial recorder sheets for 5000 Dey dial recorder
5560	Ornamental bracket for double dial weather proof clock
5570	Ornamental bracket for No. 49 weather proof secondary clock
5580	Ornamental bracket for No. 49 weather proof secondary clock
580x	Secondary clock dial series with varying sizes & styles
581x	Secondary clock dial series with varying sizes & styles
582x	Secondary clock dial series; silvered dials, raised bronze

523x	Secondary clock dial series; monel metal dials, bronze
524x	Secondary clock dial series; silvered dials, black etched
5854 -- 5859	Secondary clock hand series
5861 -- 5865	Secondary clock hand series
587x	Secondary clock hand series
5881 -- 5883	Secondary clock ornamental hands
6000	Dial recorder series; daily, single drum, 6 registration, 50 employee capacity
6000	Vertical lift card
6009-9	Stand for single drum daily dial recorder
6010	Vertical lift card
6020	Dial recorder; daily, 6 registration, 50 employees
6020	Vertical lift card
6020 & 6021	Dial recorder sheets for class 6000 dial recorders
6025	Dial recorder; daily, single drum, 50 employees
6030	Dial recorder; 6 registration
6030	Vertical lift card
6030 & 6031	Dial recorder sheets for class 6000 dial recorders
6035	Dial recorder; daily single drum, 6 registration
6040	Dial recorder; 6 registration
6040	Vertical lift card
6040 & 6041	Dial recorder sheets for class 6000 dial recorders
6045	Dial recorder; automatic, daily, 150 capacity, 2-color
6050 & 6060	Vertical lift card
6070	Dial recorder; daily double drum, 6 registration
6070	Vertical lift card
6080	Dial recorder; daily double drum, 6 registration
6080	Vertical lift card
6085	Dial recorder; daily double drum, 6 registration
6085-2	Daily dial attendance recorder; 50, 100 & 150 capacity
6090	Dial recorder; daily double drum, 6 registration
6100	Dial recorder series; single drum, 12 registration, 50 capacity
6109-9	Stand for weekly and payroll dial recorders
6120	Standard dial machine (weekly or 8-day)
6120 & 6121	Regular dial recorder sheets
6122	Automatic payroll machine
6122P	Payroll dial recorder sheets for class 6000; weekly
6123P	Payroll dial recorder sheets for class 6000; weekly
6125	Dial recorder
6130	Standard dial machine (weekly or 8-day)
6130 & 6131	Regular dial recorder sheets
6132	Automatic payroll machine
6132P	Payroll dial recorder sheets for class 6000; weekly
6133P	Payroll dial recorder sheets for class 6000; weekly
6135	Dial recorder; weekly, two-color record, 100 employees
6140	Standard dial machine (weekly or 8-day)

6140 & 6141 Regular dial recorder sheets
 6145 Automatic dial recorder; 150 employees
 6200 Dial recorder series; double drum, 6 registration, 50 capacity
 6220 Standard dial machine (weekly or 8-day)
 6220 & 6221 Regular dial recorder sheets
 6222 Automatic payroll machine
 6222P Payroll dial recorder sheets for class 6000; 8-day
 6223P Payroll dial recorder sheets for class 6000; 8-day
 6230 Standard dial machine (weekly or 8-day)
 6230 & 6231 Regular dial recorder sheets
 6232 Automatic payroll machine
 6232P Payroll dial recorder sheets for class 6000; 8-day
 6233P Payroll dial recorder sheets for class 6000; 8-day
 6237-2 Payroll dial recorder; 50 or 100 capacity
 6240 Standard dial machine (weekly or 8-day)
 6240 & 6241 Regular dial recorder sheets
 6300 Dial recorder series; weekly, 6 registration, 50 capacity
 6400 Automatic payroll machine (dial recorder) series
 6500 Dial recorder series; quadrimonthly, 5 registration, 50 capacity
 6509-9 Stand for double drum daily dial recorder
 6520 Dial recorder; daily single drum, 12 registration
 6520 & 6521 Dial recorder sheets for class 6000 dial recorders
 6525 Dial recorder; daily single drum, 12 registration
 6530 Dial recorder; daily single drum, 12 registration
 6530 & 6531 Dial recorder sheets for class 6000 dial recorders
 6540 Dial recorder; daily single drum, 12 registration
 6540 & 6541 Dial recorder sheets for class 6000 dial recorders
 6545 Dial recorder; daily single drum, 12 registration
 6550 Quadrimonthly payroll dial recorder; 6 registration, 50 capacity
 69xx Bell control series
 7000 Time stamp series (Model "A")
 7005 Model "A" spring-driven time stamp
 7105 Electric time stamp
 7300 Electroprint time stamp series; button trip
 7324 Monthly recorder card
 7400 Time stamp; paper trip
 74xx Insto time stamp series; horizontal print, clock face
 75xx Insto time stamp series; paper trip, vertical print
 7500 Printime time stamp series ("stapler" design)
 7500 Bundy key recorder
 7700 Time stamp
 7800 Electroprint time stamp series; paper trip
 8400 Fully automatic consecutive spacing time recorder, metal
 8500 Front print all-electric metal case card recorder series
 8600 Front print all-electric metal case card recorder series

8700	Automatic attendance time recorder; direct subtraction
8900	Front print semiautomatic card recorder; metal case
9000	Card recorder; wood case
9000-5	Synchronous motor drive
9005	Card recorder; lateral shift, wood case
9006	Card recorder; lateral shift, wood case
9010	Card recorder; lateral shift, wood case
9011	Card recorder; lateral shift, wood case
9015	Card recorder; lateral shift, wood case
9016	Card recorder; lateral shift, wood case
9100	Card recorder; 6 registration, non-automatic, one-color
9101	Card recorder; non-automatic, spring-driven
9105	Card recorder; lateral shift, wood case
9106	Card recorder; lateral shift, wood case
9110	Card recorder; lateral shift, wood case
9111	Card recorder; lateral shift, wood case
9115	Card recorder; lateral shift, wood case
9116	Card recorder; lateral shift, wood case
9200	Card recorder; lateral shift, wood case
9201	Card recorder; lateral shift, wood case
9205	Card recorder; lateral shift, wood case
9206	Card recorder; lateral shift, wood case
9210	Card recorder; lateral shift, wood case
9211	Card recorder; lateral shift, wood case
9215	Card recorder; lateral shift, wood case
9216	Card recorder; lateral shift, wood case
9300	Card recorder; lateral shift, wood case
9301	Card recorder; lateral shift, wood case
9305	Card recorder; lateral shift, wood case
9306	Card recorder; lateral shift, wood case
9310	Card recorder; lateral shift, wood case
9311	Card recorder; lateral shift, wood case
9315	Card recorder; lateral shift, wood case
9316	Card recorder; lateral shift, wood case
9400	Card recorder; lateral shift, wood case
9401	Card recorder; lateral shift, wood case
9405	Card recorder; lateral shift, wood case
9406	Card recorder; lateral shift, wood case
9410	Card recorder; lateral shift, wood case
9411	Card recorder; lateral shift, wood case
9415	Card recorder; lateral shift, wood case
9416	Card recorder; lateral shift, wood case
9500	Card recorder; lateral shift, wood case
9501	Card recorder; lateral shift, wood case
9505	Card recorder; lateral shift, wood case

9506 Card recorder; lateral shift, wood case
9510 Card recorder; lateral shift, wood case
9511 Card recorder; lateral shift, wood case
9515 Card recorder; lateral shift, wood case
9516 Card recorder; lateral shift, wood case
9600 Vertical lift recorder; wood case, automatic in and out
9605 Card recorder; automatic in and out, two-color ribbon
